

PROJECTS

Entrepreneurial thinking and acting are our passion. They play a key role in our activities in Burkina Faso and Ghana. All of our projects are initiated and guided by our employees. On a regular basis, our consultants spend several weeks or months on site and further develop and execute our projects.

LYCÉE MODERNE DE L'AMITIÉ (LMA)

Education stimulates the spirit in young people and opens up new possibilities for their future. In Burkina Faso, the schooling situation represents a huge challenge. The access to education is still limited, especially in the field of secondary schools. Moreover, teachers and students are faced with difficult teaching and learning conditions.

In order to improve the situation, the Lycée Moderne de l'Amitié was founded in 2005 with the objective to foster high quality education — especially of girls. Within 6 years the number of students increased from 150 to 850. The school enjoys an excellent reputation due to its wide ranging program as well as its unique infrastructure.

WHAT MAKES THE LMA SO SPECIAL?

FOCUS ON GIRL'S EDUCATION

- The girls of today become the women of tomorrow
 - Women have a crucial impact on education, family, healthcare as well as economic and social development
-

ACADEMIC PROGRAM & EXTRACURRICULAR ACTIVITIES

- The curriculum provides secondary education with both, a high-school degree and a baccalauréat
 - Extracurricular activities: Theater, dance, cultural week, accounting classes
 - Outstanding sport teams join national tournaments
 - Small class sizes, limited to a maximum of 50 students (compared to an average of more than 100 in public schools)
 - Free lunch for students
-

UNIQUE INFRASTRUCTURE

- 16 classrooms, infirmary, library, canteen
 - Sports ground and general sports center
 - Borehole with water tower
 - Solar energy installation covers the LMA's electricity requirements
-

BENEFITS OF THE LMA

- Education clearly above average level
 - Optimal preparation for vocational or higher education
 - Students to become more responsible and self-confident
 - One of the biggest employers in the area of Ouahigouya (currently 31 positions)
-

CURRENT OBJECTIVE

- Construction of a further building, aiming at the possibility to provide classrooms with computers as well as equipment for scientific courses
 - Securing long term funding of running expense
 - Expanding the curriculum e.g. towards a entrepreneurial profile
